

# Entering Kindergarten through 2<sup>nd</sup> Grade

## **SESSION 1: Week of June 5, 2023 through June 30, 2023**

### *ANIMALS*

Mondays 9:00-12:00

Calling all party animals! We will be celebrating all the learning your student will be doing this summer. From learning about different types of animals to meeting some real-life animals, your child is sure to make leaps in their learning and scurry into camp each week to learn something new. This camp will focus on all speech and language areas needed for academic success. This includes vocabulary building, narrative development, phonological awareness skills (letter/sound identification, rhyming, blending, and segmenting), sight words, phonics skills for spelling and reading unfamiliar words, reading comprehension, and storytelling. We will tackle these goals while providing sensory and motor planning experiences. This is also a great time to target generalization of speech skills (articulation and fluency). See you soon, baboon!

## **SESSION 2: Week of July 3, 2023 through July 28, 2023**

### *SUPERHEROES*

Mondays 9:00-12:00

Who can save the day? We hope one of your students! Through fighting evil, solving crimes, and using our super powers we will gain the two highest superpowers of all: confidence and knowledge. This camp will focus on all speech and language areas needed for academic success. This includes vocabulary building, narrative development, phonological awareness skills (letter/sound identification, rhyming, blending, and segmenting), sight words, phonics skills for spelling and reading unfamiliar words, reading comprehension, and storytelling. We will tackle these goals while providing sensory and motor planning experiences. This is also a great time to target generalization of speech skills (articulation and fluency).

## Entering 3<sup>rd</sup> through 5<sup>th</sup> Grade

**SESSION 1: Week of June 5, 2023 through June 30, 2023**

*BOOK CLUB*

Mondays 1:00-4:00

Your child will not only survive, but they will thrive in our book club camp. We will be journeying through books in the series **I Survived**. A favorite of all students, this series takes the reader on an adventure about a true event through the perspective of a character students can relate to. This camp will focus on all speech and language areas needed for academic success. This includes vocabulary building, written language development, phonics skills for reading and writing unfamiliar words, reading comprehension, auditory comprehension, social skills, and executive function development. This is also a great time to target generalization of speech skills (articulation and fluency). Books will be provided!

**SESSION 2: Week of July 3, 2023 through July 28, 2023**

*LEGO*

Mondays 1:00-4:00

What could you build with a box of Legos and friends? The possibilities are endless! This camp will focus on all speech and language areas needed for academic success. This includes vocabulary building, written language development, phonics skills for reading and writing unfamiliar words, reading comprehension, auditory comprehension, social skills, and executive function development. This is also a great time to target generalization of speech skills (articulation and fluency). We can't wait to see your students "build" their confidence and knowledge.

## Middle Schoolers

### **SESSION 1: Week of June 5, 2023 through June 30, 2023**

#### *LEGO*

Wednesdays 9:00-12:00

What could you build with a box of Legos and friends? The possibilities are endless! This camp for middle schoolers ramps up the expectations for the reading comprehension, auditory comprehension, writing, social skills, and presenting. A strong emphasis will be placed on making inferences and predictions, comparing and contrasting information as well as the planning and organization process for creating a project through Lego building and presenting on their creations. We can't wait to see your students "build" their confidence and knowledge.

### **SESSION 2: Week of July 3, 2023 through July 28, 2023**

#### *STAR WARS*

Wednesdays 9:00-12:00

Sign your middle school Jedi up for Academy training! During this training, your student will learn how to use their lightsaber as well as important educational and social skills. These skills include reading comprehension, auditory comprehension, writing, social skills, and presenting. A strong emphasis will be placed on making inferences and predictions, comparing and contrasting information as well as the planning and organization process for creating a project and presenting on their creations. May the force be with you!

## High Schoolers

### **SESSION 1: Week of June 5, 2023 through June 30, 2023**

#### *LEGO*

Wednesdays 1:00-4:00

What could you build with a box of Legos and friends? The possibilities are endless! This camp for high schoolers ramps up the expectations for the reading comprehension, auditory comprehension, writing, social skills, and presenting. A strong emphasis will be placed on making inferences and predictions, comparing and contrasting information as well as the planning and organization process for creating a project through Lego building and presenting on their creations. We can't wait to see your students "build" their confidence and knowledge.

### **SESSION 2: Week of July 3, 2023 through July 28, 2023**
